sunroof

## Why do we need this information?

EPA needs background information on your facility to evaluate your application.

## What do you need to do?

- Provide background information on your facility. Identify your environmental requirements.

Section	A
Tell us about your facility.	

1	What do you do or make at your facility?	Webasto Roof Systems manufactures automotive systems for original and after market applications
2	List the North American Industrial Classification System (NAICS) codes that you use to classify business at your facility.	NAICS 336399
3	Does your company meet the Small Business Administration definition of a small business for your sector?	☐ Yes
1	How many employees (full-time equivalents) currently work at your facility? If you checked "Yes" in question 3 and have fewer than 50 employees at your facility, then you are considered a "small facility" by the Performance Track Program.	☐ Fewer than 50
		□ 50-99
		☑ 100-499
		□ 500-1,000

☐ More than 1,000

5 Complete the Environmental Requirements Checklist on pages 32-38 of the instructions and enclose it with your application.

# Section A, continued

Optional: Is there anything else you would like to tell us about your facility? Do you participate in other voluntary programs at the local, tribal, State, or Federal level?

Webasto operates a registered Environmental Management System conformant to ISO 14001 and aggressively pursues positive environmental performance in all areas.

## Why do we need this information?

Facilities need to have an operating Environmental Management System (EMS) that meets certain requirements.

#### What do you need to do?

- Confirm that your EMS meets the Performance Track requirements.
- Tell us if you have completed a self-assessment or have had a third-party assessment of your EMS.

Tell us about your EMS.

Read the EMS requirements on page 9-12 of instructions. Tell us if your EMS meets these requirements for:

1	Environmental policy ————————————————————————————————————	⊠ Yes	⊔ No	
2	Planning ————	Yes	□ No	
3	Implementing and operation		□ No	
4	Checking and corrective action ——————		□ No	
5	Management review		□ No	
6	Have you done a comprehensive review of all activities conducted at your facility that could impact the environment? (i.e., have you done an aspect analysis?)	⊠ Yes	□ No	
7	Have you classified your aspects based on their potential harm to the environment, on community concerns, and/or on other objective factors? (i.e., have you determined your significant aspects?)	⊠ Yes	□ No	
8	When did you last update your aspect analysis? (mo/yr)	1/03		
9	Have you completed at least one EMS cycle (plan-do-check-act)?	⊠ Yes	□ No	
10	Did this cycle include both an EMS and a compliance audit?	⊠ Yes	□ No	
11	Have you completed an objective self-assessment or third-party assessment of your EMS?	⊠ Yes	□ No	
	If yes, what method of EMS assessment did you use?	Self-asse	essment	Third-party assessment
		☐ GEMI		☑ ISO 14001 Certification
		□ СЕМ	<b>D</b>	☐ Other
		☐ Other	r	

#### Why do we need this information?

Facilities need to show that they are committed to improving their environmental performance. This means that you can describe past achievements and will make future commitments.

#### What do you need to do?

Refer to the Environmental Performance Table in the instructions to answer questions 1 and 2.

Part 1 You must report past achievements for at least two environmental aspects, and you must choose these aspects from the Environmental Performance Table on pages 29-31 of the instructions. Please quantify each of your aspects using the units listed for that aspect in the Environmental PTrack Information Hotline at 1-888-339-PTRK.

**Note to small facilities:** If you are a small facility, you must report past achievements for only one environmental aspect.

#### First achievement

What aspect have you selected from the Table on page 29-31?	Hazardous Solid Waste		
What units are you using to quantify this aspect? (See Table, page 29-31.)	Lbs		
	PAST	CURRENT	
3 List the past annual quantity of the aspect (from two years ago) and the current annual quantity of the aspect (from the most recent year for which you have data).	260	280	
4 What are the years for which you are reporting these quantities?	2000	2002	
5 Estimate your past normalizing factor (Page 18 of the Instructions will help you calculate this.)	.75	1.0	
6 What is your normalizing factor based on (e.g., production, employment)?	Production (i.e. units produced)		
7 You reported an improvement in the quantity of the aspect in Question 3. How did you achieve this improvement?	Through active waste minimization activities and by replacing hazardous materials with non-hazardous substitutes for example; we have replace MEK with a safer more environmentally solvent called SS-12 PSB. We have also eliminated the use of WD-40 in aerosol cans through purchasing WD40 in drum quantities and dispensing it with pump spray bottles		

# Section C, continued

#### Second achievement

What aspect have you selected from the Table on page 29-31?	Total Solid Waste		
What units are you using to quantify this aspect? (See Table, page 29-31.)	Lbs		
	PAST	CURRENT	
3 List the past annual quantity of the aspect (from two years ago) and the current annual quantity of the aspect (from the most recent year for which you have data).	3000	1500	
4 What are the years for which you are reporting these quantities?	2000	2002	
5 Estimate your past normalizing factor (Page 18 of the Instructions will help you calculate this.)	.75	1.0	
6 What is your normalizing factor based on (e.g., production, employment)?	Production (i.e. units produced)		
7 You reported an improvement in the quantity of the aspect in Question 3. How did you achieve this improvement?	Re-routed materials which would have gone in the trash now go to recycling facilities, secondly we have worked with supplies to reduce non-returnable/disposable packaging. Materials taken out of the solid waste stream and sent to recycling are: cardboard, office paper, scrap metal, scrap plastic, printer and toner cartridges, PC's and monitors, batteries, used oil and antifreeze.		

Part 2 You must make future commitments for at least four environmental aspects, and you must choose these aspects from the Environmental Performance Table on pages 29-31 of the Instructions. The aspects you select for your future commitments should be related to the objectives and targets in your EMS. Where possible, they also should be identified as having a significant environmental impact in your EMS. No more than two of your aspects can be from the same environmental category. If you're not sure how your objectives and targets fit into our aspects or whether your aspects are significant, call the PTrack Information Hotline at 1-888-339-PTRK.

Once you have chosen your four environmental aspects, then fill in all the necessary information for these aspects in the tables on pages 7-10 of this form. Please quantify each of your aspects using the units listed for that aspect in the Environmental Performance Table. Each table that you must fill in corresponds to one of the environmental aspects you have chosen.

We will assume that your performance commitments are based on a constant production or employment level. If you would like to base your commitment on changing production or employment, please fill out optional questions 6a and 6b.

**Note to small facilities:** If you are a small facility, you must report future commitments for only two environmental aspects.

# Section C, continued

## First commitment

1	What aspect have you selected from the Table on pages 29-31?	Emission of VOC's		
2	What units are you using to quantify this aspect?	Tons		
<i>3a</i>	Is this aspect considered significant in your EMS?	⊠ Yes □ No		
<i>3b</i>	If no, please explain why you believe this aspect should be included as a performance commitment.			
		CURRENT	FUTURE	
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	34	4	
5	What are the years for which you are reporting these quantities?	2002	2005	
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0		
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?			
7	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?	We are installing a new production line which will generate the 34 tons of VOC's; we would like to replace the major contributor to VOC's in this line (mold release) with a less VOC, less toxic substance		
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	☐ Yes ☒ No		
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.			

# Section C, continued

## Second commitment

1	What aspect have you selected from the Table on pages 29-31?	Hazardous Materials Use	
2	What units are you using to quantify this aspect?	Lbs	
<i>3a</i>	Is this aspect considered significant in your EMS?	⊠ Yes □ No	
<i>3b</i>	If no, please explain why you believe this aspect should be included as a performance commitment.		
		CURRENT	FUTURE
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	24,600	6,200
5	What are the years for which you are reporting these quantities?	2002	2005
6а	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0	
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?		
7	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?	Propane - The major consumer of thi powered materials handling devices; efficiency electrical forklifts and mate eliminating the need to use the hazar	our plan is to switch to high rial handling devices thereby
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	☐ Yes ☒ No	
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.		

# Section C, continued

## Third commitment

1	What aspect have you selected from the Table on pages 29-31?	Total Solid Waste (Office Paper Recycling)			
2	What units are you using to quantify this aspect?	Lbs			
<i>3a</i>	Is this aspect considered significant in your EMS?	⊠ Yes □ No			
<i>3b</i>	If no, please explain why you believe this aspect should be included as a performance commitment.				
		CURRENT	FUTURE		
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	12,480	8,480		
5	What are the years for which you are reporting these quantities?	2002	2005		
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0			
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?				
	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?	We have implemented aggressive recycling programs for "industrial" wastes within our facility, we plan to take the same approach with administrative/office activities by implementing an office paper recycling program			
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	☐ Yes ☒ No			
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.				

# Section C, continued

## Fourth commitment

1	What aspect have you selected from the Table on pages 29-31?	Total Solid Waste (Scrap Plastic Recycling)			
2	What units are you using to quantify this aspect?	Lbs			
<i>3a</i>	Is this aspect considered significant in your EMS?	⊠ Yes □ No			
<i>3b</i>	If no, please explain why you believe this aspect should be included as a performance commitment.				
		CURRENT	FUTURE		
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	17,472	14,472		
5	What are the years for which you are reporting these quantities?	2002	2005		
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0			
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?				
7	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?	Scrap plastics in one of our industrial processes is an aspect of this process that to date has gone unaddressed. Our plan is to find a recycler capable of handling this material, then re-routing it from our solid waste to the recycler.			
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	☐ Yes ☒ No			
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.				

### Why do we need this information?

Facilities need to demonstrate their commitment to public outreach and performance reporting. You should have appropriate mechanisms in place to identify community concerns, to communicate with the public, and to provide information on your environmental performance.

### What do you need to do?

- Describe your approach to public outreach.
- List three references who are familiar with your facility.

# Section D

Tell us about your public outreach and reporting.

1	How do you identify and respond to community concerns?	been Thes within	n intregal part of the organization's EMS a procedure has implemented to handle environmental communication. e communications are routed to a responsible person the organization and are logged pursuant to the EMS dure for environmental communication
2	How do you inform community members of important matters that affect them?	the B	eletters, Webasto also sits on and is an active member or luegrass Industrial Park Environmental/Architectural w committee which reviews and communicates onmental issues associated with industrial park pers
3	How will you make the Performance Track Annual Performance Report available to the public?		ebsite www.webastoroofsystems (plan to add onmental section to the existing website)
		□ N	ewspaper
		□ O	oen Houses
		⊠ O:	her
		C	lewsletters - sent to all Webasto Roof System olleagues (employees) and are available in the lobby for isitors and the general public

# Section D, continued

4	Are there any ongoing citizen suits against your facility?	☐ Yes	⊠ No	
	If yes, describe briefly in the right-hand column.			

## 5 List references below

	Organization	Name	Phone number
Representative of a Community/ Citizen Group	Lexington United	Gina Greathouse	859-225-5005
State/tribal/local regulator	Natural Resources & Environmental Protection Cabinet - Division for Air Quality	Rick Shewekah	502-573-3382 x316
Other community/local reference (e.g., emergency management official or business associate)	Earth Tech, Inc	Hal Grant, CHMM, CEM	859-296-5607

	$\mathbf{C}$	
	Section	
On behalf of webasto Roof Systems, Inc		
[my facility],		
	Application and	
I certify that	Participation Statement.	

I have read and agree to the terms and conditions for Application and Participation in the National Environmental Performance Track, as specified in the *National Environmental Performance Track Program Guide* and in the *Application Instructions*:

- I have personally examined and am familiar with the information contained in this Application, including the Environmental Requirements Checklist. The information contained in this Application is, to the best of my knowledge and based on reasonable inquiry, true, accurate, and complete, and I have no reason to believe the facility would not meet all program requirements;
- My facility has an environmental management system (EMS), as defined in the Performance Track EMS
  requirements, including systems to maintain compliance with all applicable Federal, State, tribal, and local
  environmental requirements in place at the facility, and the EMS will be maintained for the duration of the
  facility's participation in the program;
- My facility has conducted an objective assessment of its compliance with all Federal, State, tribal, and local
  environmental requirements, and the facility has corrected all identified instances of potential or actual
  noncompliance;
- Based on the foregoing compliance assessment and subsequent corrective actions (if any were necessary),
  my facility is, to the best of my knowledge and based on reasonable inquiry, currently in compliance with
  applicable Federal, State, tribal, and local environmental requirements.

I agree that EPA's decision whether to accept participants into or remove them from the National Environmental Performance Track is wholly discretionary, and I waive any right that may exist under any law to challenge EPA's acceptance or removal decision.

I am the senior facility manager and fully authorized to execute this statement on behalf of the corporation or other legal entity whose facility is applying to this program.

Signature/Date		
Printed Name/Title	Mr./Mrs./Ms./Dr. Mr. Mark Wallac	e, General Manager

## **Paperwork Reduction Act Notice**

The public reporting and recordkeeping burden for this collection of information is estimated to average 40 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

# Environmental Requirements Checklist

Use the Environmental Requirements Checklist to answer Question 5 in Section A, Tell us about your facility. This Checklist will help you identify the major Federal, State, tribal, and local environmental requirements that apply at your facility, but it is not an exhaustive list of all environmental requirements that may be applicable at your facility.

Fill in your facility information below and enclose the completed Checklist with your application.

Air Pollution	Regulations
Chook all that	annly

Crieci	\ aii ii	асарру
	1.	National Emission Standards for Hazardous Air Pollutants (40 CFR 61)
$\boxtimes$	2.	Permits and Registration of Air Pollution Sources

	9.	Storage and Disposal of Waste Material Containing TCDD (40 CFR 775)
Other	(you	must list these if applicable)
	10.	Federal, State, tribal, or local regulations not listed above.
	11.	ID Numbers (specify whether State or Federal).
Pesti	cide F	Regulations
Chec	k all th	at apply.
	1.	FIFRA Pesticide Use Classification (40 CFR 162)
	2.	Procedures Storage and Disposal of Pesticides and Containers (40 CFR 165)
	3.	Certification of Pesticide Applications (40 CFR 171)
	4.	Pesticide Licensing Requirements
	5.	Labeling of Pesticides
	6.	Pesticide Sales, Permits, Records, Application and Disposal Requirements
	7.	Disposal of Pesticide Containers
	8.	Restricted Use and Prohibited Pesticides
Other	(you	must list these if applicable)
	9.	Federal, State, tribal, or local regulations not listed above.
	10.	ID Numbers (specify whether State or Federal).
Envir	onme	ntal Clean-Up, Restoration, Corrective Action
	1.	Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or Superfund). Please identify and include date of Record of Decision.
	2.	RCRA Corrective Action. Please provide date of RCRA/HSWA permits that require corrective action.
	3.	Other Federal, State, tribal, or local environmental clean-up, restoration, corrective action regulations not listed above. Please include date of requirement.

Facility Name Webasto Roof Systems, Inc.

Facility Location: Lexington, KY

The National Environmental Performance Track is a U.S. Environmental Protection Agency program. Please direct inquiries to 1888-339-PTRK (7875) or email ptrack@indecon.com.

To submit your application:

1) E-mail the completed application to ptrack@indecon.com,

#### and

2) Fax the completed an signed Section E (**not** the entire application) to (617) 354-0463.

If you cannot e-mail the application, mail a hard copy of the entire completed application to:

The Performance Track Information Center c/o Industrial Economics Incorporated 2067 Massachusetts Avenue Cambridge, MA 02140
